Finally, the Public Health Agency of Canada is inviting you to please consider sharing online why you plan to get vaccinated (or already have) through the ["My Why" social media campaign](#), by:

- 1- **Sharing your story on social media:** tag Health Canada on [Twitter](#), [Facebook](#) or [Instagram](#) and use the #MyWhy hashtag. Please see the attached PDF for more information.
- 2- **Adding a frame to your Facebook profile picture** (if not already done): to help promote the importance of getting vaccinated to protect yourself and help fight COVID-19: "[When it's my turn, I'll get the COVID-19 vaccine!](#)" and "[I got the COVID-19 vaccine!](#)" (available in 14 languages). New – "[I got my second dose of the COVID-19 vaccine!](#)" (available in English and French and soon to be available in 12 other languages).

We would also be grateful if, in addition to participating in the "My Why" campaign, you would help us amplify the following messages:

- How you/your community are protecting yourselves from the impacts of COVID-19 (e.g. wearing a mask, physical distancing, staying at home, washing hands, etc.)
- Fighting COVID-19 misinformation and disinformation (e.g. check sources, read beyond headlines, think before sharing, etc.)

Thank you in advance for your support in helping to share these resources to fight this pandemic. Stay safe!
