

Development and Peace — Caritas Canada invites you to join the Create Hope: Reaping our Rights campaign. See how peasant and rural communities in the Global South are uniting to ensure their rights are respected in the face of challenges such as land grabbing, resource theft and the contamination of soil, water and air by private corporations.

Help to ensure that no Canadian company tramples on their rights by calling on Canada to adopt mandatory human rights and environmental due diligence legislation! *Next weekend, an Action Card will be given out with the parish bulletins.*

Together, let us support peasant and rural communities!

Across the Global South, peasant and rural communities have fought hard to assert their rights to land, water, seeds, food sovereignty, a healthy environment and more.

But how can they protect these rights when a powerful foreign corporation shows up in their region, intent on extracting resources, and indifferent to polluting the environment?

Together, let us call on Canada to adopt mandatory human rights and environmental due diligence legislation so that no Canadian company can trample on peasants rights.
