

Construction Update: Work has begun in the bell tower!

Water damaged floor replacement is taking place.
The bell in the tower had to be removed for this work,
so you will not hear the bells ringing until complete.

**Join us this Tuesday, April 29 at 7:00 PM
for our Town Hall Information Meeting**

Meet with the architects and contractor at this gathering
where you can expect information sharing,
drawings to view, as well as time to answer
any questions you may have.

Please Note:

An arborist was brought in to investigate the condition of the
trees on the Algonquin side of the Cathedral.
Their assessment indicated disease and damage so the trees
will be removed and replaced at a future date.
